INFORMATION SHEET FOR PARTICIPANTS

Ethical Clearance Reference Number: -

Version Number: -

Title of study: Social media classification.

Invitation paragraph:

I would like to invite you to participate in this research project which is a part of -. Before you decide whether you want to take part, it is important for you to understand why the research is being done and what your participation will involve. Please take the time to read the following information carefully and discuss it with others if you wish. Ask me if there is anything that is not clear or if you would like more information.

What is the purpose of the study?

The reason behind creating this survey is to create a reference for social media classification. By collecting real-time data, the researcher hopes that the results will inform future researchers in the field, social media users, and the community as a whole.

What will happen if I take part?

We are looking for participants who are social media users aged 18 years or older. If you agree to take part, you will complete a survey. The survey will ask you only five demographic questions followed by a list of the top most used social media that we would like you to classify. The survey will take you approximately about 20 minutes to complete. Your answers to the survey questions are completely anonymous.

Do I have to take part?

Participation is completely voluntary. You should only take part if you want to and choosing not to take part will not disadvantage you in any way. The submission of completed survey data implies consent. You are free to withdraw at any point during the completion of the survey, without having to give a reason by simply not submitting the survey. Withdrawing from the study will not affect you in any way. Once you submit the survey, it will no longer be possible to withdraw from the study because the data will be anonymous. Please do not include any personally identifiable information in your responses.

Who should I contact for further information?

If you have any questions or require more information about this study, please contact me using the following contact details:- What if I have further questions, or if something goes wrong?

If this study has harmed you in any way or if you wish to make a complaint about the conduct of the study you can contact - Thank you for reading this information sheet and for considering taking part in this research.
